Our Corporate Responsibility Commitment

CWC supports a variety of non-profit organisations in the countries where we operate:

- **Nigeria**: Sickle Cell Foundation & NiBUCAA
- **Brazil**: Terra dos Homens
- **Ghana**: Drifting Angels
- **China**: Migrant Childrens Foundation LTD
- **Colombia**: Comunidad Zenu in association with Fundación Gente Ecopetrol
- **Mozambique**: Casa do Gaiato & Infantario 1ro de Maio
- **Argentina**: Hospital Materno Infantil Ramón Sardá
- **Mexico**: Deportes Para Compartir
- **Kurdistan**: Kurdistan's Children's Hospital Foundation
- **Gabon**: Sanando & L'orphelinat Micone
- **Côte d'Ivoire**: Orphelinat de Bingerville & Pouponniere Marie Therese H. d'Adjame
- **Lebanon**: Children Cancer Center

CWC Group cares about its impact on society and has a keen focus on giving back to the regions in which we work. As an international company, we leave a social responsibility footprint wherever we do business.

However, at CWC, our approach to charitable giving is about more than writing a cheque. For us, it is about becoming fundamentally involved in and collaborating with local communities, charities and other non-profit organizations on initiatives that we have found to create positive change most effectively.

“On behalf of the Board, Management and staff of the secretariat, we would like to appreciate the support which CWC have been giving the coalition all these years especially through the NOG event. We wish to specially thank you for organizing this year’s raffle draw at the NOG the proceed of which will be used for our community programmes.”

Gbenga Alabi, Executive Secretary, Nigerian Business Coalition Against AIDS (NiBUCAA)

“From Casa do Gaiato we’d like to thank CWC Group for the great support they offer us, both in the maintenance as in the support so our young people can continue to study”

Raul Cánovas Benito, Volunteer, Casa do Gaiato

“We write to formally appreciate the CWC Group for supporting NiBUCAA and for giving us unprecedented visibility in every Nigerian event organised by your company since 2010. We thank you most especially for bringing Mr. Augustine “Jay-Jay” Okocha to put a face on the Coalition at the just concluded National Oil and Gas (NOG) Strategic Conference held in Abuja, Nigeria. We want you to know that the efforts by the CWC Group will add immense value to our work in NiBUCAA. On behalf of the Board of Trustees, Executive Committee, Management and Staff of the Coalition we use this forum to show our deep appreciation. What you have done in the 2013 edition of the NOG will surely assist us in our membership drive because you have provided the NiBUCAA-led Private Sector Response the much needed window of opportunity with a view to getting more corporate bodies to enlist as valued-members. We thank you for your usual cooperation, for believing in us and what we are capable of doing! We look forward to a greater collaboration in the very near future.”

Olusina Olulana, (Former) Executive Secretary, Nigerian Business Coalition Against AIDS (NiBUCAA)
Some Of The Projects We Have Been Involved In

Food & medicine donations for Infantario 1ro de Maio, Mozambique

School bus project for the Drifting Angels Orphanage, Ghana

Food & books supplies for Orphelinat de Bingerville, Côte d’Ivoire

New sanitary units project at the Drifting Angels Orphanage, Ghana

Food, clothes & financial donations for Terra dos Homens Community-based Organisation, Brazil

Annual charity raffle at Nigeria Oil & Gas to raise funds for the Nigerian Business Coalition Against Aids, Nigeria

Books, school supplies, clothes, toys & educational funding for Casa do Gaiato, Mozambique

Financial donation for school transport for L’orphelinat Micone, Gabon

“CWC Group has passionately engaged in local social projects in each of the countries we operate. Mozambique, Nigeria and Colombia have been a massive learning curve for the company and we are so excited to see the positive results we have already brought to the communities in each place. As a company, we believe in the importance in contributing to the development of youth’s education and we have tried to lay those foundations in all of our projects. We encourage more companies to join our efforts and together we could carry on bringing those important initiatives to life.”

Mariya Incheva, VP Production & CSR Project Manager, CWC Group

Featured Case Studies

**Colombia**

**Joint Initiative with Talisman Colombia**
CWC Group is proudly supporting the educational sector of Colombia by inviting leading universities to participate and share opinions with government and operators in order to develop more engineering programmes. The need for Colombian professionals in areas like offshore, LNG, crude oil recovery and unconventionals is becoming very important for the sustainable development of the country’s economy, and therefore more universities are being urged to open related academic programmes. Talisman Colombia has partnered with CWC to drive these efforts forward in Colombia. In 2015 we launched a contest with students from major universities to develop essays on current energy topics. The winners were granted an opportunity to attend the conference and exhibition in Cartagena, learn further about the industry and network with current oil operators.

**Comunidad Zenu Joint Initiative with Fundación Gente Ecopetrol**
Comunidad Zenu consists of 125 families which have been inhabiting the area for the last 14 years. CWC Group and Fundación Gente Ecopetrol are working together to support the educational development of the kids from Comunidad Zenu. We have built a Cultural and Educational Centre for the children where they can learn, do their homeworks, play and spend time together.

**Mozambique**

**Infantario 1ro de Maio**
Over the last few years we have been addressing the most immediate needs of small children living in the Infantario 1ro de Maio. We have supplied the most needed medication, blankets, baby clothes and toys, food supplies as well as school and colouring books and pens. We have funded and supervised building of a shaded area where children can rest and play and also repainted bedrooms.

**Casa do Gaiato**
CWC has started working with Casa do Gaiato in 2014. So far we have supported initiatives aimed at both younger kids to help with their everyday life and slightly older children to support their future development. We have bought and donated clothes, toys, school, colouring books and pens. We are also involved in an educational project funding a four year university degree on “Engineering Geology & Mining” for one of the older boys to help him develop his career in the oil & gas industry.

Nigeria

Nigerian Business Coalition Against Aids

The CWC Group has supported the Nigerian Business Coalition Against AIDS (NiBUCAA) for over five years now. We have been an active member of the coalition as we share NiBUCAA’s belief that the private sector should respond to the growing challenges of HIV/AIDS ensuring equal rights and opportunities for employees infected or affected by the virus.

CWC Group has provided regular support through:

- Organization, funding and publicity of the Annual NiBUCAA Charity Raffle taking place at the Nigeria Oil & Gas Conference & Exhibition, and regularly hosted by country’s favourite athletes, comedians and artists.
- Donation of all proceeds from the Annual NiBUCAA Charity Raffle
- Complimentary exhibition stand at all CWC’s events taking place in Nigeria, providing NiBUCAA with exposure to 9,000+ contacts per year
- Support and guidance with NiBUCAA’s marketing and PR efforts

This is a very important initiative and one we are extremely proud to support. Given our long history of working in Africa and our extensive local contacts we are keenly aware of the impact of HIV and AIDS within the region.

Practical Nigerian Content Youth Workshop

In partnership with the Nigerian Content Development & Monitoring Board (NCDMB) and the Bayelsa State Government, the CWC Group has developed the annual Practical Nigerian Content Youth Workshop. Working closely with local youth groups and societies, student organisations and professional associations, the Youth Workshop brings together over 300 Bayelsan graduates from across the state to this free-to-attend forum.

In a country with an unemployment rate as high as 23% for graduates, and close to 60% youth unemployment in rural areas, the Youth Workshop provides a valuable platform for local youths to hear from respected figures within business, industry and academia, providing them insights and useful tools to help them enter the oil and gas industry, or launch their own businesses, capitalising on the opportunities present in their own communities and Bayelsa as a whole. The Workshop also highlights further training opportunities available as well as initiatives provided by local government and the NCDMB that will enable them to further enhance their employment prospects. Leveraging on CWC’s close relationship with the Nigerian Business Coalition Against AIDS (NiBUCAA), the workshop also provides an opportunity to offer free HIV/AIDS testing to attendees.
